

F FOR FILMING

You might say yes to filming but no to sharing.
You might say no to filming but yes to photos.
You might say yes or no to all of it. You might
change your mind. All of this is okay.

It is not okay to film, photograph, screenshot
or share without permission. It is never okay to
threaten or blackmail so-called 'revenge porn'

Consent still matters.

A-Z OF CONSENT
