Thank you for your email.

**I fully support the point raised in your letter. The Green Party is fully supportive all efforts to make Misogyny A Hate Crime. In fact in the Nottingham Green Party, all our candidates are required to make a statement supporting this position before being selected.**

**Also the work on the Domestic Abuse Bill should not be lost due to the election and adequate funding should be in place to support survivors of domestic abuse and to ensure that perpetrators are brought to justice.**
